

Reimagining how students learn.

FLEXI 2.0

Hi! I'm **Flexi**, your **AI student tutor** tailored to your unique interests and learning levels. Ask me a question and I can provide answers based on your learning level and interests. Want more clarification? Try an analogy, translation, or rephrasing of the answer. Or, attempt a challenge problem and get step-by-step guidance just like a human tutor.

Keep an eye out for more from me and the CK-12 team in the future!
